Re: Request for Interim Certification of your recovery
Status from your July 9, 2010 Injury Report

Dear Mr. Morel:

We are very sorry to read the report from Dr. Patrick Anderson that you have a condition, sciatica, which decreases your athletic performance 70 to 90 %. We understand you are seeking to reschedule your WBO Bantamweight Championship Contest with WBO Super Champion Fernando Montiel, which was the subject of a recent purse bid.

You became WBO Interim Bantamweight Champion on February 13, 2010 with your victory over Gerry Peñalosa. Because the WBO Bantamweight Championship Contest with Fernando Montiel is due per the terms of the Purse Bid, the WBO World Championship Committee will need your Interim Certification to determine whether there is adequate probability you can recover from your injury and whether the contest with Fernando Montiel can reasonably be rescheduled within the terms of the purse bid based on the prognosis of your injury. The report of Dr. Anderson is indeterminate and does not contain a prognosis.

Please submit on or before 4:00 pm EST Thursday, July 15, 2010 an Interim Certification which includes a prognosis for your recovery and your treating physician's opinion of when you can return to active training and competition per Rule 19 of the WBO.

We ask that your interim certification include an opinion from your physician whether you will be able to recover from your disability and retrain to competitive condition within the terms of the Purse Bid. We would appreciate your clarifying specifically the nature and extent of your injury and your prognosis for return to training and your return to competition.

The WBO wishes you the best good fortune on a prompt and speedy recovery. We looked forward to your prompt response to assist your Committee in reaching the fairest decision for you, the top contenders in the Bantamweight Division, Fernando Montiel, and your future return to complete your World Championship career.

Yours truly,

Luis Batista-Salas, Esq.
